A combination of an unstable economic climate, high unemployment figures and a decreased desire to work, the retail business is often an industry that becomes vulnerable. As people turn to the likes of theft and fraud to counteract the above issues unfortunately it's your business that suffers the consequences both financially and reputably. But this shouldn't and doesn't have to be the case.

With only a relatively small percentage of theft resulting in criminal prosecution, it's all too easy for members of the public and even your own staff to walk away with your goods. In cases where the outcome results in a conviction you'll only ever receive compensation for the cost of your stolen items so inevitably you'll still be out of pocket when it comes to your court fees and the loss of business it may have caused you. Our **retail security services** are designed with you and your needs in mind.

STORE DETECTIVES

Providing that visual deterrence your store needs and a watchful eye over your stock, we'll equip you with professional security guards or even discreet store detectives that are capable of handling and diffusing any suspicious activity and if needs be detaining any criminals until the authorities arrive.

Our expert guards can assist with unbeatable CCTV means that you'll also have the irrefutable evidence on hand to give you every chance of winning your case. If you want to keep your stock out of reach of thieves and keep your losses to a minimum, then invest in a name you can trust.
